The 10 International Conference on Intelligent Software Methodologies, Tools, and Techniques (SOMET_11) will take place on September 28-30, 2011, in Saint Petersburg, Russia at University ITMO. This event is a continuation of an existing series of SOMET.

Conference aim and objectives:
The 10 International Conference on Intelligent Software Methodologies, Tools, and Techniques (SOMET_11) will help build a forum for exchanging ideas and experiences to foster new directions in software development methodologies and related tools and techniques. This conference is focused on exploring innovations, controversies, and challenges facing the Software Engineering community today. The conference brings together theory and experience to propose and evaluate solutions to Software Engineering problems. The conference also provides a forum and an opportunity to assess the current state-of-the-art in intelligent Software techniques and to chart software science initiated from experience to theory. This workshop is an opportunity for us in the software science community to think about where we are today and where we are going.

The area of this workshop, will emphasis on but not limited:
- Requirement engineering, especially for high-assurance system, and requirement elicitation
- Software methodologies, and tools for robust, reliable, non-fragile software design
- Software developments techniques and legacy systems
- Automatic software generation versus reuse, and legacy systems
- Software quality and process assessment for business enterprise models
- Intelligent software systems design, and software evolution techniques
- Agile Software and Lean Methods
- Software optimization and formal methods for software design
- Static, dynamic analysis on software performance model, software maintenance
- Software security tools and techniques, and related Software Engineering models
- Formal techniques for software representation, software testing and validation
- Software reliability, and software diagnosis systems
- Mobile code security tools and techniques
- End-user programming environment, User-centered Adoption-Centric Reengineering techniques
- Ontology, cognitive models and philosophical aspects on software design
- Medical Informatics, Software methods and application for biomedicine
- Artificial Intelligence Techniques on Software Engineering, and Requirement Engineering
- Software design through interaction, and preconceptive software techniques for interactive software entertainment applications
- Creativity and art in software design principles
- Axiomatic based principles on software design
- Model Driven Development (MDD), code centric to model centric software engineering
- Medical Informatics and bioinformatics, Software methods and application for biomedicine and bioinformatics
- New aspects on digital libraries, collections and archives, Web publishing, and Knowledge-based engineering
- Others software Science disciplines (Check the conference home page for more details)

All papers will be peer-reviewed under the supervision of an international technical program committee for quality, presentation and relevance to the conference. The Proceedings of the conference will be published as a book by IOS international publisher in series Techniques in Artificial Intelligence and Applications, and distributed at the conference.

Submission Details
In general the acceptance will be based on the originality of work, on the suitability of the topic to the workshop, and on the overall quality of your submission. Papers would be submitted through the URL: https://cmt.research.microsoft.com/SOMET2011/
For more details please refer to: http://www.somet.soft.iwate-pu.ac.jp/somet_11/submission.html

The paper submission deadline is: 15 April 2011.

The acceptance letters with reviewing comments would be sent by: 10 May 2011
In the case of acceptance, please, send your Camera-Ready copy according to IOS format should be up to 20-22 A4 pages for Regular paper, and up to 10 pages for Short papers.

The final Camera-Ready copy, for inclusion in the IOS book series (Frontiers in Artificial Intelligence and Applications) to arrive no later than: 10 June 2011.
In the case of acceptance, please, send your Camera-Ready copy according to IOS format (http://www.iospress.nl/authco/instruction_crr.html), should be up to 20 A4 pages for Regular paper, and up to 10 pages for Short papers.

SOMET-11
September 28-30, 2011
University ITMO

Program Chairs
Hamido Fujita, Iwate Prefectural University, Iwate, Japan
e-mail: iisam@iwate-pu.ac.jp
Tatiana Gavrilova, St. Petersburg State University, St. Petersburg, Russia
e-mail: svgavrillova@gmail.com

Program committee
Anna-Maria Di Sciuolo University de Quebec de Montreal, Canada
Bipin Indurkhya IIIT, Hyderabad, India
Kassem Saleh Kuwait University, Kuwait
Luigi Lograsso University of Quebec at Outaouais, Quebec, Canada
Mohamed Mejri Laval University, Quebec, Canada
Imran A. ZAalakberan American University of Sharjah, UAE
Armin Eberlein American University of Sharjah, UAE
Marite Kirkova Riga Technical University, Latvia
Vladimir Mafzik Czech Technical University, Prague Czech Rep.
Roman Bartak, Charles University Prague, Czech Republic
Milan Vlach Charles University Prague, Czech
Rimantas Butliers Kaunas University of Technology, Lithuania
Remigijus Gustas Karlstad University, Sweden
Paul Johannesson Royal Institute of Technology, Sweden
Love Ekenberg Stockholm University, Sweden
Rudolf Keller PMOD, Zurich Switzerland
Michael Oudshoorn Montana State University, Bozeman, USA
Colette Rolland University de Paris, 1-Pantheon Sorbonne, Paris, France
Victor Malyskhin Russian Academy of Sciences, Russia
Igor Anureev a. P. Ershov Institute of Informatics System, Russia
Igor Kotenko St. Petersburg Institute for Informatics and Automation, Russia
Yury Zagorulko A. P. Ershov Institute of Informatics System, Russia
Maucer M. Martucci Jr. University of Sao Paulo, Sao Paulo, Brazil
Sergei Gorlatch University of Muenster, Germany
Elke Pulvermuller University of Osnabrueck, Germany
Volker Gruhn Leipzig University, Germany
Clemens Schlier Leipzig University, Germany
Heinrich Hesse Leipzig University, Germany
Domenico Pisanielli ISTC-CNR, Rome, Italy
Claudio De Lazzari IIT-CNR, Rome, Italy
Yasuaki Nishitani Iwate University, Japan
Nikolay Mirenkov Aizu University, Fukushima, Japan
Tu Bao Ho JAIST, Kanazawa, Japan
Rikio Maruta SANGIKYO Co., Yokohama, Japan
Jun Hakura Iwate Prefectural University, Japan

Organizing Committee
Chair: Vladimir N. Vasiliev Technical Petersburg University
Cochair: Nikolay R. Toivonen Technical Petersburg University
Cochair: Dmitry I. Mourontssov Technical Petersburg University
Cochair: Yury Zagorulko A.P. Ershov Institute of Informatics Systems, Novosibirsk

The Paper Submission Deadline: 15 April 2011
The Acceptance Notification: 10 May 2011

Special issue
The International Journal Knowledge-Based Systems intends to publish a special issue 2012. The authors of selected workshop papers will be invited to submit journal extended versions to the special issue.
